**Large five bedroomed country house**

This property has superb potential. It is a unique, large five bedroomed country house, built around 1830, with plenty of character. It is set within its own gardens in a quiet and secluded location.

Bont Faen requires a thorough and complete refurbishment. A long lease is available with potential for a significant landlord contribution to the works.

This property is available on a Fully Repairing and Insuring (FRI) lease.
